Re: Kenneling experience with Triple R Kennels

Val and I were pleased enough with our kenneling experience with Triple R and our dog Odie that we offer this unrequested letter of reference and recommendation. What was great about the experience?

- 1) The hours of operation and attendance was appreciated. I dropped off Odie at 8:00 in the evening.
- 2) The kennels were spotless.
- 3) They put Odie into a kennel next to another friendly dog.
- 4) When we got him home he smelled as clean as the day we left him, a week earlier.
- 5) We were complimented that Odie was a fun dog. That was proof of exercise and interaction.
- 6) I didn't bring in the proper paperwork verifying heartworm and other vaccinations. They offered and put out the effort to call our veterinarian.

I truly believe Odie will wag his tail the next time we bring him out to the kennel. That says more than I can.

Thanks Triple R for a great experience. We know the next time we will complete confidence and trust on the care of our pet.

Sincerely,

Larry and Val Parsons
